LOCAL BRIEFS—

The Wilmington Fair commences to-day.

Prof. Kerr will lecture on Geology, in Commons Hall, to-night. The public is invited.

There will be a meeting of the Raleigh Artillery Company at the Mayor's office this evening, at 7½ o'clock.

The Colored Bucket Fire Company will hold their regular meeting to-night, at the Fireman's Hall, for the election of officers.

Col. J. H. B. Miller, Superintendent of Agencies for the Southern Life Insurance Company, is registered at the Yarborough House.

Notice is given elsewhere that application will be made to the General Assembly to charter "The Number Six Mining Company."

Mr. Wm. F. Askew will sell on the 29th of December, a lot of horses, buggies and mules, and other property. See notice in another column.

The Governor has not yet decided upon the petition to commute the sentence of David Martin, colored, the boy murderer, of Wilmington.

The new schedule on the North Carolina railroad went into effect yesterday. The train going West leaves this city forty minutes early than before.

That wheel of fortune gambling concern on Wilmington street is a disgrace to the city and should not be permitted. Where are the police that they can't see it?

Wesley Whitaker, Esq., drew the $500 oil painting at the recent Masonic Gift Concert given in Norfolk, Va. He is the only lucky Raleighite we have heard of, so far.

Messrs. W. H. Morris & Co., furniture dealers have just received a nice assortment of folding chairs with or without rockers, suitable for Christmas presents. Call early and secure one or more.

The streets were unusually quiet on Sunday. Peace and good order prevailed throughout the limits of the city, everybody went to church and therefore slept soundly on an easy conscience at night.

A. W. Richardson, at Earpsboro, will sell on the 9th of January next, his valuable mill property, in good running order, situated on Buffalo Creek, about 15 miles east of Raleigh. See advertisement.

We learn from Messrs. Ziegler & Gruendler, that their cigars have grown into such general favor, that they are unable to keep up with the demand. The Raleigh Favorite, a brand of their manufacture, is probably the best cigar for the money ever sold in our market.

Brewster, the hardware, crockery, tin-ware and lamp dealer, on Hargett street, has on hand the largest and most varied stock of wares ever known before in his establishment. He has just received a new patent kerosene burner, that we have tested thoroughly and find it to be the best improvement on burners that has yet been offered to the Raleigh public. It not only gives a large volume of light but is not destructible by heat or water and is more easily cleansed than others. See advertisement in another column.

JUDGE HILLIARD AND HIS CONDUCT.—Our Eastern exchanges speak in complimentary terms of Judge Hilliard, of the Second District. Says the Goldsboro *Messenger*:

We learn from the Tarboro *Enquirer-Southerner* that Judge Hilliard is determined to put a stop to carrying the razor as a weapon, offensive and defensive, which the Judge says is prevalent in his district. The *Enquirer-Southernor* calls it a good determination and hopes his Honor will carry it out by visiting upon parties convicted the severest penalties of the law. While speaking of Judge Hilliard we deem the occasion a fit one to note that the press speak of him in very complimentary terms. The Albemarle *Times* of a recent issue, speaking of his charge to the jury at Bertie Superior Court, says:

"We have seldom heard a more clear, able, and lucid exposition of the offences against the criminal laws of the State. The charge was one, which would have done credit to the very best and ablest Judges, who have presided in our courts for many years. Judge Hilliard presents quite an imposing appearance upon the Bench. He is a gentleman of fine personal appearance, and we could suppose he was considerably under forty years of age. The Judge proceeded at once to the trial of the State dookets, and made considerable progress the first day of court, a thing quite unusual in our courts. We predict for the new Judge, a very favorable impression upon our people, for the promptness, patience, and ability, with which he discharged his judicial duties."

POSTPONEMENT.—The following letter explains itself:

OFFICE GRAND GIFT CONTERT,
Wilson, N. C., Dec. 12, 1874.

Dear Sir:—The proposition to hold a Gift Concert in the town of Wilson on the 17th of December for the benefit of the Orphan Asylum, has met with a favorable response in all parts of the State. A large number of tickets have already been sold, and orders are being daily received at this office, for more—yet the Committee of Arrangements are satisfied that the time appointed for the Concert to come off (17th December) was too short, and at the suggestion of several of the agents and other friends of the enterprise, they deem it best to defer the day, so as to give time to sell every ticket and make a complete success. Accordingly the Concert will take place on Wednesday, February 10th, 1875. This will give ample time to dispose of all the tickets and thus secure a handsome and substantial contribution for the orphans. It was impossible to dispose of all the tickets and make the necessary returns in the short time named. From encouragement already received, the managers are assured that the enterprise will prove a success, and those who are disposed to aid the cause, which it is proposed to benefit, need not hesitate to secure tickets at once.

Respectfully,
A. BARNES, Secretary.

IMPORTANT SALE.—The real and personal estate of T. F. Lee, late Sheriff, will be sold at public auction on Thursday, Friday and Saturday next. What is known as his "lower plantation," in St. Mathews township, near Auburn, on the North Carolina Railroad, is one of the best improved farms in the county, and the location the best in the State. The sale at this farm will take place Thursday and will consist of mules, horses, cows, hogs, sheep, farming implements, cotton gins and apparatus generally, household and kitchen furniture, in short first class articles of every character to be found on a well arranged farm and in a well conducted household.

On Friday, his town property, consisting of real estate, the very finest household furniture, fine blooded horses and cattle, will be sold.

Saturday, his upper plantation, about four miles from the city, near the North Carolina Railroad, the best improved farm in the State, with all the stock, furniture, etc., as enumerated above for the lower plantation, will be sold.

This is the largest and most important sale ever known in the county, and parties interested would do well to attend.

OXFORD ITEMS.—Our Oxford Correspondent, under date of yesterday, says:

Dr. Willaim R. Hicks, who has been so dangerously ill and who apparently was improving up to a short time before his death, died on Friday, December 11th, about 12 m.

Dr. H., was well and favorably known to the people of Granville. He was a man of sound practical sense, unostentatious in his habits and distinguished for great frankness and integrity of character.

His remains were intered on Sunday in the family burying ground, a few miles from Oxford.

Professor Fetter, the Principal of the Oxford High School, has secured the services of a son of Dr. Charles Phillips as his assistant for next year.

The prospects of this School for next year are highly flattering.

The Principal throws his whole soul into his work, and as an instructor and disciplinarian he has won the hearts of his patrons, who are loud in their praises. Parents and guardians would do well to bear this in mind as the society and healthfulness of Oxford are proverbial.

PHRENOLOGY.—Dr. Barker, the Phrenologist, delivered his celebrated lecture to gentlemen last evening, and was greeted with a large audience. The Doctor has made a very favorable impression on our citizens, and by his practical illustrations has demonstrated to those who heretofore would not believe that phrenology was undoubtedly a science. He is a gentleman of superior scholarly attainments, and his lectures are rendered with fine force and effect. Since his sojourn in the city he has had quite a rush of business, and every day adds to his popularity. His rooms are at the Yarborough House, where he can be found at all hours, when not professionally engaged.

CAPT. GEO. N. WAITT.—The traveling public will learn with deep regret that Capt. Geo. N. Waitt, the very courteous and accommodating conductor on the North Carolina Railroad, has resigned his position to take effect on the 1st of January. We are glad to know, however, that it is the intention of Capt. Waitt to locate in this city and go into the mercantile business. We welcome him to the City of Oaks, and wish him unlimited prosperity in his new calling. He has been fifteen years on the North Carolina road, and the highest compliment that could be paid him is to state the fact that the officers of the road part with him very reluctantly.

MOZIS ADDUMS COMING.—The Petersburg *Index-Appeal* learns that Dr. Bagby, (Mozis Addums) and his mate, Mr. Cowardin, have entered into a contract to appear in professional wise in North Carolina during the present winter season. The Carolinians could not apply their time to any better entertainment. The recent performance of these two gentlemen in that city justifies us in saying, in their behalf, that for wit Mozis admits of no superior, and that for humor we have not seen "Catawba's" excelsior, if, indeed, we have inspected his parallel.

POSTAL CARD DUNNING.—To dun a debtor on a postal card has just been decided by the Supreme Court of Ohio unlawful. The Court held that anything so written as to injure the credit or reputation of any one is a crime. The decision was made in the case of a man who dunned a debtor for an old account on a postal card, and in that manner made the matter public and to the detriment of the latter's credit elsewhere.

JOB WORK.—The NEWS Job office has a complete outfit of new materia, and can turn out work equal to any other office in the State. A trial is all that is asked.

LEGISLATIVE SUMMARY.—In the House yesterday resolutions of respect to the memory of William H. Williams, col., late member from Warren county, were adopted, and a motion also adopted that when this House adjourns it would adjourn in honor of the deceased member.

The bill to provide clerical aid and traveling expenses for the Superintendent of Public Instruction not to exceed $300 per annum, was discussed at considerable length, and finally committed to the Judiciary Committee to enquire into the constitutionality of the bill.

Mr. Oaksmith introduced a bill to protect the State's interest in railroads, which was, on his motion, taken up under a suspension of the rules and discussed, but on motion of Mr. Patton, the bill was referred to the Committee on Internal Improvements, and ordered to be printed.

The most of the day was occupied in the discussion of the two bills.

The House bills to allow the sureties of T. F. Lee, late Sheriff of Wake, to collect arrearages of taxes for 1871-'72-'73, and to relieve the said sureties of all fines and penalties incurred by the said Lee in failing to settle with the Treasurer, came up in the Senate yesterday, and were referred to the Committee on Propositions and Grievances.

CONCERT AND EXHIBITION.—We are requested to state that the pupils of the North Carolina Institution for the Deaf and Dumb and the Blind, will give a concert and exhibition before the members of the General Assembly on Thursday evening, next.

The entertainment will doubtless be highly interesting, and as the Legislature will be called upon to make the regular appropriation for the support of the Institution, during the present session, we trust they will all be present on the occasion and learn something of the grand results of this great State charity.

FEDERAL COURT.—But little business of general importance came before the Court yesterday, the day being almost exclusively occupied in the discussion of motions for the continuance of cases. The cases of the United States vs. Kenton and J. L. B. White, both for illicit dealing in tobacco, were continued, the defendants giving bond in the sum of $1,000 for their appearance at the next term of the Court. The business of the Court will be completed by Wednesday. Nearly all the cases on the civil docket are continued.

ELECTION OF OFFICERS.—At a regular meeting of W. G. Hill Lodge of F. & A. M. last night, the following officers were elected for the ensuing Masonic year:

Jack R. Williams—W. M.
D. S. Wait—S. W.
John Armstrong—J. W.
William Sampson—Treasurer.
Z. T. Broughton—Secretary.

RESIGNATION.—Wesley Whitaker, an acting Justice of the Peace in and for Raleigh township, resigned his position as such yesterday. He will enter upon the discharge of his duties as Steward of the Insane Asylum, to which office he was recently elected by the Board of Directors of that Institution.

ACCIDENT.—The Foreman of this Office, Mr. Harper, fell down the stairway at his boarding house yesterday and had his right arm dislocated. He narrowly escaped more serious injuries, but fortune sometimes favors the printer as well as the brave.

PARDONED.—The Governor yesterday granted a pardon to David B. Jones, white, who was sentenced to the Penitentiary for life from Wayne county, in 1871, for arson.

Prayer by Rev. Dr. Atkinson, of the city.

Journal of yesterday read and approved.

Reports were made from several Standing Committees.

RESOLUTIONS.

Mr. LeGrand, a resolution in favor of Godfrey Keehler, granting him a return of $50 paid into the Treasury through mistake.

UNFINISHED BUSINESS,

being the consideration of the question to amend Battle's Revisal by paying Solicitors $10 in each case where a person shall be convicted of felony.

Mr. Bell's substitute to make the Solicitor a salaried officer was lost.

Bill failed to pass its last reading by the following vote:

AFFIRMATIVE—Messrs. Busbee, C. M. Cooke, French, Irwin, Jernigan, Kerr, Mills, Shaw, Smith, Stickney, Waddell and Waring—12.

NEGATIVE—Albright, Anderson, Bell, Boddie, Cashwell, Clement, N. S. Cook, Hargrave, Jenkins, Latham, LeGrand, Linney, Love, Mabson, Marler, McCauley, McElroy, McMillan, Pegram, Sugg, Taylor, Walker, Williamson, Worthy and Young—25.

BILLS.

Mr. Hargrave, a bill to protect the birds of North Carolina, preventing the shooting or capturing the same in certain seasons of the year. Referred.

Mr. Waring, a bill for the better protection of gardens, orchards and fences. Referred.

Mr. Jernigan, a bill in regard to compromises. Referred.

CALENDAR.

Resolution to offer a reward of $500 for the recapture of Lee-Dunlap.

Mr. Waring recapitulated this case, (which our readers are acquainted with) and claimed that in the whole transaction of the Dunlap matter the laws of the State had been violated. It was but due these outraged laws that every effort should be made to bring this noted criminal to justice.

The resolution passed its first reading by a vote of 35 ayes, 4 nays, Messrs. Latham, Legrand, Mabson and Selby voting in the negative.

Bill amending the act incorporating the Diamond Cotton Chopper Company passed its third reading.

Bill to incorporate the town of Newport, Carteret county. Passed its several readings.

House bill to relieve the sureties of T. F. Lee, late Sheriff of Wake county. Allows the said Lee and his sureties to collect all arrearages of taxes. Referred to Committee on Propositions and Grievances, at the request of Mr. Busbee.

House bill for the relief of the sureties of T. F. Lee, late Sheriff Wake county. Removes all fines and penalties that have been incurred from a failure to pay into the State Treasury the taxes of said county. Referred to the Committee on Propositions and Grievances.

House resolution petitioning Congress in favor of the depositors in this State who have lost by the Freedman's Saving Trust Company. Concurred in.

House bill to take jurisdiction from magistrates in regard to fornication and adultery.

President Armfield, (Mr. Marler in the Chair) advocated the bill. He thought to allow magistrates jurisdiction of this offence would endanger the morals of the public more than anything we could do.

Mr. Kerr wished to know if this would affect cases which had been dismissed from the Superior Court and transferred to the Magistrates Court?

Mr. Armfield said that under this law charges may be brought for any violation of this law within the last two years, notwithstanding the same may have been dismissed from the Superior Courts within this time because of the passage of the law giving magistrates jurisdiction.

Bill passed second reading.

Bill to work the roads of Watauga county passed its several readings.

Bill to amend the act restoring the records of Watauga county, the same having been destroyed by fire, passed its several readings.

Bill to pay Peter Adams mileage and per diem as Senator in 1864, was indefinitely postponed.

Resolution to remove the disabilities of W. W. Holden considered.

Mr. LeGrand moved to indefinitely postpone. Withdrawn.

Mr. Latham moved to postpone until the 21st of January. Adopted.

[A number of bills passed their second readings or were postponed, but we only notice bills when first introduced, when they pass their third readings, when they occasion general discussion, or when they may have been definitely disposed of on second reading.—REPORTER.]

Adjourned.

HOUSE REPRESENTATIVES.

The House met at 11 o'clock, a. m., Mr. Speaker Robinson in the Chair.

Prayer by the Rev. Dr. Atkinson, of the city.

Journal of Saturday read and approved.

MISCELLANEOUS.

Mr. Tate rose to a question of personal privilege and said:

In the *Sentinel* of Friday night appears a communication signed "A Member," which may work prejudice to the "Bill in relation to the Western North Carolina Railroad," by its injustice to me.

Not in my own defence, but to prevent injury to a measure which I believe to be in the public interest, and in behalf of an injured and suffering people, I make this statement.

Immediately after Gen. Lee's surrender, I was elected President of the W. N. C. R. R. Co., and rebuilt the portions destroyed by the United States Troops, in time to be removed by Provisional Governor Holden. Upon the election of Governor Worth in 1868, I was again made the President, and all went well till in 1868. Reconstruction and Gov. Holden took possession. *The Company was not then embarrassed with debt.*

In March, 1871, the Legislature, for reasons satisfactory to it, removed the State Directors and appointed others in their place. Gov. Vance, Judge Merrimon, Dr. McDowell and myself were Directors for the private stockholders. After much hesitation, I finally consented to again take the Presidency.

The Company was owing large sums of money to contractors along its line, and its first mortgage bonds were all pledged in New York for loans amounting to $225,000 which were then falling due. The creditors in New York were about to sell these bonds to pay their claims. I hurried on there to see the creditors, to whom I paid some $12,000, and by *giving my personal endorsements on the notes*, secured an extension till after the meeting of the Legislature.

A committee from our board informed the General Assembly of the condition of, affairs, and I besought that body to take steps to protect the property and to relieve me as a security. Pending these efforts the notes again matured in N. Y., and notice was served upon me that the bonds would be sold at auction, and I held bound for the balance. Again I succeeded in obtaining a loan for thirty days, still hoping to get the aid of the State; but *the Legislature refused*, The North Carolina Railroad Company was applied to, and they would do *nothing*. The stockholders had been called together, but they could not or would not aid. And finally the bonds were sold for the debts.

I gave several thousand dollars of my means, and two years of my time in efforts to protect the interests of the company, for which I have never received nor will I ever recover one farthing! My constituents are the chief stockholders in this unfortunate corporation, and knowing all the facts, have sent me here, without solicitation on my part, by the largest majority ever given a Representative in their political history.

This House and a discriminating public will correctly determine the character of my service in behalf of my associates and the State.

Messrs. Finger, Holt, Tate and Stowe offered a protest against the passage of the bill to relieve T. F. Lee, late sheriff of Wake county, on Saturday last. The protest was read and ordered to be spread on the minutes.

LEAVES GRANTED.

Leaves of absence were granted to the following members from and after Saturday next to the 21st inst.:

Messrs. Parker, Shackelford, Woodhouse, Young, Trivett, Bunn, Whitley, Gudger, Munden, McCubbins, Thompson, White, Wood, Smith, of Hyde, and Proffitt.

PETITIONS.

REPORTS OF STANDING COMMITTEES.

Messrs. Pinnix and Means, from the Judiciary; Finger, from Enrolled Bills; Gudger, from Propositions and Grievances; Shackelford, from Engrossed Bills. Submitted reports.

RESOLUTIONS.

By Moore, col., a resolution in regard to the death of William H. Williams, the member from Warren county. Calendar.

BILLS.

By Mr. McCubbins, a bill to authorize the County Commissioners of Rowan county to subscribe to stock in the Yadkin railroad. Referred.

By Moore, colored, a bill to establish the county line between Newbern and Brunswick counties. Referred.

By Mr. Greene, a bill to amend an act chartering the Watauga & Lenoir Narrow Guage railroad. Referred.

By Mr. Oaksmith, a bill to protect the States interest in railroads. Read and referred.

By Mr. McRae, a bill to amend the act incorporating the Fayetteville Building & Loan Association. Referred.

RULES SUSPENDED.

On motion of Mr. Finger, the rules were suspended and the bill empowering Notaries Public to take privy examination of married women in certain cases, taken up and put on its passage.

SPECIAL ORDER.

At 12 o'clock, the bill providing for clerical aid and traveling expenses for Superintendent of Public Instruction, came up as the special order for that hour.

The bill as amended by the committee, allows the Superintendent a clerk at a sal

TO OUR SUBSCRIBERS.

Under the new postal law, which goes into effect on the first of January, 1875, we will be required to prepay the postage on the News. This will add much to the expense of publication, but NO ADVANCE will be made in the subscription price on either our DAILY or WEEKLY. The price, as heretofore, will be:

WEEKLY:

One year,	(postage paid)	$2.00.
Six months,	"	1.00.

This will prove quite a reduction in the price of the News, as the postage now paid by subscribers is $1.20 upon the Daily, being virtually a reduction to that extent. This, with the recent enlargement of the News, will make it the cheapest paper in the State.

Under the new system the cash plan will be rigidly enforced, as we cannot afford to send the paper on credit and pre-pay the postage, and all subscriptions not renewed by the first of January will be promptly discontinued. We hope every subscriber will promptly renew.

SHALL WE HAVE A CONVENTION?

For months past the question which is the caption of this article has been the theme of discussion by the people and the press of the State. The smoke of battle had scarcely lifted from the well-fought field of the 6th of August last and the shouts of the victors had hardly died upon the air, before it was began. Believing that the public mind had not sufficiently recovered from the excitement consequent upon the heated political campaign, which had just then had closing, to give the matter the consideration its importance demanded, the News then deprecated the discussion as inopportune and unfortunate. Its influence, whatever its degree, was by implication, rather than by direct assertion, adverse to the proposition for the call of a convention. Since that time we have given the subject such thought and attention as its gravity deserved. We have carefully examined the objections to the proposition, and as carefully considered the advantages likely to follow a proper revision of our organic law. As the result of such thought and examination we are driven to the conclusion that the prompt assembling of a convention, charged with the duty of making a thorough revision of the fundamental law, is an absolute and unavoidable necessity. We come to this conclusion with exceeding reluctance, but we are forced there by the inexorable logic of facts, which can neither be gainsaid or denied.

Before entering upon a statement of the reasons which induce us now to favor the call for a convention, we desire to say that we have no sympathy with those zealots, who sneered at the opponents of convention, as time-servers and charged them with timidity, if not with political cowardice. We know that that opposition has not arisen from either admiration or affection for the miserable abortion called a constitution, forced upon the acceptance of a conquered people by the bayonets of the conquering soldiery. We appreciate, nay more, we applaud the motives of the men who, because they believe the continued supremacy of the Democratic party in North Carolina and the well-doing of the people of North Carolina to be coincident and interdependant things have hesitated, and still do hesitate, to give their assent to a course of action in which lie possibilities of danger and disaster to that party. We acknowledge them to be our peers in patriotic devotion to the Mother State. We hail them, now as heretofore, as brethren in the good work of the redemption of North Carolina from radical misrule, and shall confidently expect, should the wisdom of our law-makers give affirmative answer to our title question, to feel the elbow touch unbroken along the entire line as they take their wonted places in the ranks, eager to assist in the winning of a complete victory for constitutional freedom. In many of them we recognize loved and trusted leaders of the "old guard"—men whose voices have been heard above the storm of the conflict, wherever in the fray the blows fell thickest and hardest. Between them and us there is absolute agreement upon essentials—the difference is upon questions of party policy only. They have been true to the principles and traditions of the party in the past—they are none the less true to those traditions and principles because of their present position upon this question of convention. Nor are they amenable to the charge of political inconsistency because of that position.

We know that from every stump in North Carolina, from which speakers of the Democratic party have addressed the people, and in every newspaper of the State professing allegiance to that party, the inconsistencies and incongruities of our present constitution have been held up to the ridicule of the people; that the folly of the attempt to accommodate the provisions of an organic law, framed to promote the growth and wealth of a commercial community like New York to the wishes and wants of an agricultural community like ours, has been the subject of sharpest comment and criticism, and we have believed that criticism altogether legitimate and deserved; but it must be remembered, in explanation of the position of those of our party associates who oppose the call, that by the acts of 1871-'2 and 1871-'3 certain specified amendments to the constitution were adopted by the requisite majorities, and thereafter, in the year 1873, submitted to and ratified by the people; and that by reason of said amendments many of the changes in the fundamental law deemed desirable and necessary have been made. The change in the condition of affairs has been made the basis of a change of position since 1871.

Two objections, and two only so far as we remember, have been urged against the call of the Convention, and it is noteworthy that in both these cases the basis of objection is not found in a principle but in the idea of expediency only. Upon the abstract question of the need of constitutional revision there is no diversity of opinion. Candid men of both parties admit the necessity. So glaring and so numerous indeed are the defects of the present instrument, that the recognized leader of the Republican minority in the Senate, Mr. CANTWELL, of New Hanover, has indicated ninety-one particulars in which, in his judgment, it requires correction, and has prepared and introduced a bill in that body looking to the making of these corrections. We are divided then upon a question of party policy only—upon the expediency of undertaking an admittedly needed revision at the present time; and the division is the out-come of an apprehension that to take this step now is to put in peril the substantial advantages gained at the polls in August last. With the utmost respect for those having this fear, we beg to suggest that it is groundless. It has its origin in distrust either of the integrity or the intelligence of the Democratic masses. We have faith in the people, in their desire to do whatsoever in them lies to so amend their organic law as to suit its provisions and requirements to their needs and desires. We believe, too, that they are sufficiently acquainted with the defects of the instrument under which they now live to lead them to desire its amendment. But if this be not so, surely it is only necessary that the demerits of the present constitution and the advantages to be derived from its proper and needed correction should have free, frank, full and earnest discussion to make them so acquainted, and overcome any existent disinclination to enter upon the work of change immediately. The result of the election of 1871 is no criterion for correct judgment as to the result of a campaign made under this call. The failure of the House of Representatives to impeach the late Gov. CALDWELL, when he declared his purpose to refuse to perform the duties imposed upon him by the convention act of that year, was fatal to success, inasmuch as it begot a suspicion in the popular mind that the representatives of the people would not thus submit to dictation, if they themselves were thoroughly pursuaded of the legality of the mode adopted for amendment of the constitution. We went into that race too heavily handicapped to make success a possibility. Many of the foremost men of our own party—men eminent for public virtue and great learning in the law—beleived the mode illegal and refused to sanction by supporting it. Others doubted its legality, and gave the movement such luke-warm favor as deterred those disinclined to vote for it from doing so. In the canvass much of the time, that might have profitably been given to the statement of the advantages derivable from revision of the constitution, was employed in the defence of the action of the legislature and the discussion of the preliminary question of its lawfulness; and so the people were left uninformed as to the real merits of the matters in controversy. The wonder is that in despite of these doubts and difficulties the measure commanded so large a support, and that a majority of the delegates chosen were Democratic in politics. These doubts are removed in the present instance. We have a clear majority, by two-thirds, in each house of the General Assembly and the call, if made, will be in strict conformity with the requirements of the constitution.

But let us admit, as suggested, what is matter of fear, not of proof, that the calling of a convention will tend to alienate a large number of those, who, for the first time in August last gave us aid and co-operation. Even then we do not concede the remoter effect of weakness in party power in 1876. The old saw which advises that "well enough be let alone" is unworthy of acceptance by men, if in the range of probabilities, the better thing be attainable. As a matter of the merest expediency we cannot see the apprehended danger, since in no human probability can a majority of the delegates elect be of the opposition in politics. We have yet to see the Democrat who is himself opposed to the assembling of a convention; or who, in case it shall be ordered, will refuse his support to the regular candidate of his party. No Democrat doubts as to his own conduct, but each has a vague, a shadowy doubt of the probable action of his neighbor, or of the party in the aggregate. But if the call should lead to the alienation of some, who now are in our ranks, we believe that the estrangement would be but temporary. Let the convention assemble, do its work well and speedily, as we think it would do, restore as far as the changed condition of affairs will allow the, constitution of the fathers, and in six months of practical working it will so demonstrate its advantages as to win the admiration of all good citizens and recall the wanderers to their allegiance. The benefits conferred would be so great and so immediate in their benign effects, that it would command the confidence of right-thinking citizens, and commend the conduct of the party to the good-will of the electors of the State.

TAILORING.

POLONIUS' ADVICE TO LAERTES:

"Costly thy Habit as thy Purse can Buy."

It will be remembered by Shakespearan readers in the play of Hamlet, the advice of Polonius to his son Laertes, who was just in the act of leaving Denmark for a journey to France, wherein he said;
"Costly thy habit as thy purse can buy, but not expressed in fancy; rich not gaudy—for the apparel oft proclaims the man, &c., &c.
Ministers from the pulpit have said that every young man should paste in his hat the remarks in full of Polonius.

WEIKEL, the Merchant Tailor,

In endorsing all that has been said on the subject, would remark that he is better prepared than ever to supply to his numerous friends and customers "habits" just as those mentioned. "Rich, but not gaudy, and now so" costly" as you might suppose.

NORTH CAROLINA.

The pork crop in Warren county is short.

Snow on the Blue Ridge three inches deep.

Tobacco is on the rise in the Winston market.

Wild geese are numerous, in the Roanoke, in Warren county.

Large quantities of corn are being shipped from Elizabeth City to Wilmington.

The Ada Gray Theatrical Troupe will be in Charlotte on Wednesday and Thursday nights.

The receipts of the Charlotte, Columbia & Augusta railroad were $10,000 less this year than last.

The Internal Revenue Department of the 6th Collection District has been removed to Salisbury.

J. J. Rodwell, of Warren county, has, one year after another, netted $400 to the hand on his farm.

The Garrett vineyard of Halifax county produced 12,000 gallons of wine and 300 gallons of brandy last season.

M. P. Bell, who recently died in Petersburg was a brother of ex-Governor Bell, of Warrenton, North Carolina.

George Goodwin, of Chowan, shot himself through the arm accidentally a few days ago, but the wound is not necessarily dangerous.

Mr. B. A. Pope and Miss Anna Futrell were married at the residence of Mr. L. B. Manning, in Halifax county on the 8th inst.

Old uncle Joe Vogler, of Salem, is 96 years old, is spry and active, does not use spectacles, and has a fair prospect of celebrating his centennial.

The first through train from Wilmington to Charlotte, reached the latter city yesterday. Trains will now run regularly from Charlotte to Wilmington.

Gen. Longstreet passed through Charlotte on Friday last *en route* to Washington. Nobody looked him up or cared about seeing him. Alas, how are the mighty fallen.

A son of John Buxton Williams, of Warren county, brought down a 177 pound buck a few days ago. The *Gazette* says it was the largest buck ever known in that county.

The Court House of Gaston county, at Dallas, was burned to the ground on Saturday last.

A correspondent of the Charlotte *Observer* says: "About noon, smoke was seen issuing from under the eaves of the building, at the Southeast corner, over the Clerk's office. In a few minutes, the house was wrapped in flames, and, in two and a half hours, was completely destroyed. The walls and porch were left standing, but, of course, in a badly damaged condition. With the exception of a few papers in the office of the Register of Deeds, all the books and papers were saved.

Mr. Beecher Indignant.

The manner in which the *Moulton* case was concluded caused strong expressions of dissatisfaction on the part of Mr. Beecher. Neither he nor Mr. Sherman knew of the prearrangement, and both were astonished when they learned on Thursday morning that the referee had closed the case without calling *Mr.* Beecher to testify, or giving him an opportunity to brand Moulton as a liar in naming him as the authority for the statement libelous of Miss Proctor. He claimed that Moulton should have been driven out of court, fully exposed, not only for forging the libel, but proved guilty of willful lying in quoting him as authority for it. Mr. Beecher was especially indignant on discovering that Judge Fulierton had left the courtroom with a commendation of Moulton on his lips, and that General Butler, after closing the case, had been allowed to sneeringly declare that with all their admissions they had not admitted that their client had not been told the libelous tale by Mr. Beecher. He declared the settlement a great injustice to him, and demanded that the case be reopened, to give him an opportunity to brand the liar as he deserved. *Mr.* Benjamin D. Silliman, the referee in the case, stated yesterday that Mr. Beecher had gone so far as to suggest as much to him, and that he had been compelled to reply that the case had been summed up and closed and that it could not again be examined into. Mr. Beecher would have probably taken further action by applying to the court to which Mr. Silliman will report, but Mr. Evarts, after leaving the courtroom at the conclusion of the argument on the bill of particulars, consulted with him and dissuaded him from present action.—*New York Tribune, December* 11.

Senator Schurz, in one of his lectures, has charged the women of the present day with being extravagant. Whereupon a Western paper defends them:

That sort of stuff will do very well for a joke, but the fact is that the mass of women are not inclined to dress as their husbands desire. It is only the foolish votaries of extreme fashion who have been educated by foolish fathers and mothers to believe that the chief end of women is to dress better than other women. The expression of the above sentiment by a man of the distinction of Carl Schurz, is absolutely injurious to society. It impresses young men with false notions of women—who, in no respect, excepting in the dispensation of home hospitality, equal men in extravagance. Let men look about them carefully and bear witness to our assertion that their wives and daughters do not as a rule, yield to extravagant dispositions without urging by their husbands. Nearly all the jewelry and costly dresses displayed by women are purchased for them by admiring husbands and fathers without suggestion by their wives or daughters. Husbands who love their wives, esteem it an indescribable luxury to surprise their wives or daughters with a rich gift, and there is certainly nothing more beautiful or delightful than the grateful expression of surprise with which the unanticipated favor is received. It is pleasant to jest about the ladies, but when an eminent man like *Mr.* Schurz seriously announces that the extravagance of the sex is a bar to matrimony, it is time to protest against the libel.

HUNG HERSELF.—The wife of Mr. Alfred J. Twyman, of Green county, on Thursday night last, while her husband was in Charlotetsville hung herself to the post of the bedstead on which her grand daughter was sleeping. She had been at times partially deranged, but appeared to be well on Thursday, and desired her husband to go to Charlottesville to purchase goods for the family.—*Charlottesville (Va.) Chronicle.*

ANOTHER CLERICAL SCANDAL.—A telegram from Grand Rapids, Michigan, states that a church scandal has been developed in that place from the discovery of a criminal connection existing between Rev. Richmond Fisk, of the Universalist Church, and the female organist of his church. The lady, it says, has made a complete confession. The telegram adds: "Dr. Fisk is about forty years old, and one of the ablest ministers in the State. He came here from New York, vacating the presidency of a college to accept the call to Grand Rapids, at a salary of $2,000 a year. Like Beecher, he was an ardent advocate of woman suffrage. His conduct here has caused women to suffer; for it is stated that the organist was not the only female who received his unholy embraces. He is married and has a daughter just bursting into womanhood. Dr. Fisk was an ardent prohibitionist.

POISONED CONFECTIONERY.—At Plainville, Connecticut, on the 10th inst., the daughter of Edward Murkland, twelve years old, died from the effects of eating candy containing poisonous coloring matter. Two other girls were similarly attacked, but they are out of danger. In the case of Miss Murkland it is said: "She previous to death, literally suffered many deaths. Her tongue became frightfully swollen, and some time before she breathed her last inflammation seized upon her eyes and rendered her totally blind. During it all the little creature was perfectly conscious, and patiently endured the most excruciating pains, till death brought relief."

The Democrats of Kentucky are urging Hon. James B. Beck for successor to Ex-Governor Stevenson in the United States Senate. Mr. Beck is a vigorous and able debater, fearless in the expression of his opinions. He has an admirable record in the House as a stern foe to all corrupt practices, and would make an excellent Senator.

The first week of the session has come to an end and nothing of any consequence has been done, except to start two or three investigations and let up the financial floodgates. What is worse, there does not seem to be any disposition to do anything—*Washington Republican.*

TO SHAKE, OR NOT TO SHAKE?—Aye that is the question. Is it better to quiver from head to foot in the paroxysms of fever and ague, or to banish the atrocious disease by a course of that standard anti-febrile remedy, Hostetter's Bitters. There cannot be much doubt as to the response of the malaria-stricken to this inquiry. From every locality on this continent whose inhabitants are to-mented with the shaking plague comes an increasing demand for the only genuine preventive and eradicant of malaria provided by science. The denizens of fever and ague districts well know how utterly inadequate to do more than give a brief respite are the so-called remedies of the faculty. Quinine, arsenic, bismuth—what are these but poisonous palliatives, which cease after a time to produce any beneficial effect whatever, and if persisted in wreak irreparable mischief upon the system? Everywhere they are being abandoned by intelligent persons, and that genuine vegetable specific for intermittent and remittent disease, Hostetter's Bitters, substituted in their place.

While this enterprise is not conducted under the direct auspices of any Lodge, yet its object is to aid that noble institution, the Oxford Orphan Asylum, which was established by the Grand Lodge of the state, and the management is entirely in the hands of members of the Order.

The object is exclusively for the benefit of the Orphan Asylum and the committee deem it unnecessary to make any extended appeal to the people of North Carolina in behalf of an institution which is so worthy of their support. The low price of the ticked places it in the power of every one to aid a noble cause, and at the same time the chances of being reimbursed are unusually favorable.

It is confidently believed that the enterprise will be a success, but if from any cause there should be no Concert and distribution, all the money received from the ticket holders shall be returned to them without discount.

No tickets sold will be entitled to a chance for the Gifts unless the money for the same has been received at this office.

The Gifts will be distributed immediately after the Concert.

Any person holding a ticket entitled to a Gift who desires the Asylum to have the benefit of such Gift, will notify the Secretary by such endorsement on back of the ticket, and the same shall be appropriated as directed.

SUNDAY NIGHT TELEGRAMS.

Condensed General Items.

The jury in the Croker case, New York, are unable to agree, and ask to be discharged.

A Washington dispatch says that King Kalakaua is suffering with a sorethroat and is otherwise out of fix. Secretary Fish paid him a card visit Sunday, and informed him through one of his courtiers that the President would have called but he was himself unwell.

John Neville, aged 8 years, residing with his parents in West Hoboken, was kidnapped last Thursday night while playing with his companions.

The American brig Florence, at Charleston, ladened with cotton for Liverpool, was partially burned Saturday night.

NOON DISPATCHES.

The Late Vicksburg Difficulty—Further Particulars.

NEW YORK, Dec. 14.—A correspondent of the *Times* from Vicksburg says: "Touching the killing last [illegible] on Monday last, the correspondent says: 'I have made dozens of careful investigation post instances opinion is, that the w[illegible] arms the Vicksburg were und[illegible] upon the city justified in resisting came in, it will attack which were-instate Sheriff by the negroes had been forced to be remembering of so many black Crosby affair, was unnecessary, and resigna, justified. Many of them men not while they were retreating, or is not true that many were killed while begging for mercy. On the contrary, all who did so were protected by the white leaders.'"

Another dispatch to the same paper, dated 13th, says: "Late this evening a number of gentlemen living on a plantation in the neighborhood, rode into Vicksburg and informed the Mayor that the negroes in the country were under arms and in squads of twenty and thirty, and were marching toward the city." The Mayor immediately called out two companies of special police and they are now assembled at the Court House. The citizens are generally alarmed and some of them fear that the town will be attacked to-night. A majority of the police, however, have no fear for the town, but think it probable that the negroes may commit depredations upon unprotected white families in the country districts. Two companies of well armed white men have just gone to the outskirts of the city. They will guard the two principal approaches during the night.

Miscellaneous.

NEW YORK, Dec. 14.—The Stadt Theatre, German, was closed last evening by the police and a large crowd went to another theatre, where the injunction or the police had not run out. The Germania Theatre was also closed. Paul Falk's Tivoli Theatre gave a sacred concert till 12 o'clock last night, when a theatrical performance began and continued till near 2 o'clock, to a large crowd. The Bowery Theatre gave a sacred concert, which included "The Pearl of Savoy," to an immense house.

At the Brooklyn Tabernacle, the usual assault on theatres was made by Talmage.

Theodore Duboise, who was wounded while commanding a Federal vessel in the attack of Mobile, is dead.

ST. LOUIS, Dec. 14.—The explosion of a gas tank killed Thos. Pratt, chief-engineer. He went into the tank to investigate some trouble, and it is supposed lighted a match, which caused the explosion.

NEW ORLEANS, Dec. 14.—The steamer Bossier, with 500 bales of cotton, was sunk.

LONDON, Dec. 14.—Gen. Lomo, commanding the Republicans, is dead from the wounds received in the last battle with the Carlists.

WASHINGTON, Dec. 14.—Judge Swayne will not resign his seat on the Supreme Bench.

Congressional and Other Matters.

WASHINGTON, Dec. 14.—HOUSE—The first hour of the session of the House was given to the introduction and reference of bills.

SENATE—A large number of bills were introduced in the Senate to-day. None of particular interest to the South.

The name of D. A. Pardee has gone to the Senate as successor to Judge Durell. This action relieves Judge Durell from all impeachment proceedings, which would have disqualified him from holding offices of profit or honor. It is safe to say there will be no change in the Federal officers of Louisiana. The new appointments for Texas are very shaky as to confirmation by the Senate. The new appointees failed to receive the support they expected, politicians whom they approach having private axes to grind.

A Mother Agonised—Five Children Drowned.

PEEKSKILL, N. J., Dec. 14.—Five children, who ventured on thin ice, was drowned in the presence of their mother, who was watching their play from their house. Four were girls, 16, 15, 13 and eight, and a boy six years of age.

MIDNIGHT DISPATCHES.

Burglars Killed—They Confess to Being the Abductors of Charlie Ross.

FORT HAMILTON, December 14.—Two burglars have been shot fatally. Dougherty, before dying, said his dying companion knew all about the kidnapping of Charlie Ross. Mosher is supposed to be the man with goggles, who enticed the boys into the buggy. Remember the older boy was thrust from the buggy and the younger one carried off. The burglary was attempted at the residence of ex-Judge Rulett Von Brunt, on Coney Island Plank Road at Bay Ridge, Long Island. The Judge saw them endeavoring to force an entrance and fired two shots, both of which took effect, one killing Mosher instantly and the other so badly wounding Dougherty that he died in an hour afterwards. Dougherty stated positively that it was Mosher who abducted Charlie Ross.

Weather Probabilities.

WASHINGTON, December 12.—For the South Atlantic and Gulf States, partly cloudy and cooler weather, with northerly or easterly winds, rising barometer and areas of rain, followed by clearing weather, rising temperature and southerly winds in the southwest.

King Kalakaua Indisposed—The Report of the Freedman's Savings Bank Commission, &c.

WASHINGTON, Dec. 14.—King Kalakaua has been confined to his hotel to-day, but his health is improving and he will probably be presented to the President to-morrow.

The Commissioners of the Freedman's Savings and Trust Company, having prepared their report, it will be presented to Congress to-morrow. It will show that the first of July last the Trustees of the company selected John A. J. Creswell, Robert Parvis and Robert H. F. Leopold, Commissioners, with the approval of the Secretary of the Treasury, for the purpose of closing up its affairs. They had a full conference with the Secretary of Treasury, the first Comptroller of Treasury and the Comptroller of the Currency, as to the several provisions of the Act of Congress of June 20th, 1874, and their duties. With authority in the premises received termine the plan of [illegible] omitted in the a few exceptions, every, and whatever by them has been defrayed United States [illegible] by check upon the Treasury, every expenditure all their cash transactions have been through one and the same account. The withdrawal of the said funds on hand, at the several branches, was attended with no delay and difficulty.

In most of the cases where proceedings had been commenced, before the appointment and qualification of the Commissioners and had progressed sufficiently to operate as a lien against the company's property before it became vested in them, they have been or shall be compelled to agree to an adjustment, by payment of the claims. In some cases they had to resort to the purchase of the company's property, which had been seized and offered for sale to prevent its disposal at ruinous rates, and in others they had to pay the claim and costs of suit. The proceedings instituted after their appointments, have been nearly all set aside under the provisions of the act of Congress, but in one or two cases they have been compelled to replevy property seized and furnish bonds to abide the ultimate decision. At Nashville, Tenn., where the company holds real estate valued at about $30,000 they have met with considerable embarrassment through a decision of the Chancery Court in some attachment suits, Chancellor Cooper holding that the statuatory assignment to the Commissioners of all the property of the Freedman's Saving and Trust Company, contemplated by an act of June 20th, 1874, is not sufficient to vest the title to said property in them, and that in the absence of a former assignment by the corporation to the Commissioner, duly prove and registered in the State, before the filing of the bills of the complaints, who attaching the creditors acquired by their attachments a prior right to the property.

From this decision the Commissioners have instructed their counsel to appeal, preferring in view of the interests of all the depositors, to have a more authoritative decision as to the construction and force of the act referred to before acquiesing in the Chancellor's decree. Meantime the late agents of this Company, who have in their posession rents collected from the tenants of the property have been enjoined from paying over the amount due, and the Commissioners are helpless as to the enforcement of the collection of certain loans made at that branch and now due.

The latest advices from Nashville foreshadow the appointment of a Receiver with the power to sell the property and collect the loans of the Company at that branch, paying the proceeds into the Registry of the Chancery Court to be held subject to a prorata distribution. The cash and cash-items on hand at the several branches as called for by the books of the Company at the close of business, July 11th last, amounted to $49,131.44. Of this, the sum of $31,689.35 only had been received up to November 30th. The difference of $17,442.06 is found to consist mainly of temporary loans, due bills and shorts carried in the cash of some of the branches.

[There was much more of this report on the wires when we closed last night, but not deeming it of much importance to the general public, we discontinued receiving it.—ED. NEWS.]

Congressional.

WASHINGTON, Dec. 14—SENATE.—To-day a very large number of bills were introduced.

Morton presented a petition of the colored men of Indiana, protesting against the recent decision of the Supreme Court of that State, claiming that by the force of that decision they are deprived of the rights of citizenship and their children of the benefits of an education, and asking that a proper law officer of the government be directed to appeal the case to the Supreme Court of the United States. Referred to Judiciary Committee.

Subsequently Morton introduced a joint resolution directing the Attorney General to take out a writ of error from the Supreme Court of Indiana to the Supreme Court of the United States, the government to bear the expense as the petitioners were not able to bear the expense.

Davis, of West Virginia, introduced a bill making an appropriation for continuing the improvement of the Great Kanawha river in the State of West Virginia. Referred to Committee on Commerce.

Pratt introduced a bill amendatory of the act granting pensions, so as to remove the disability of those who, having participated in the rebellion, have since enlisted in the army of the United States and become disabled. Referred to Committee on Pensions.

Sherman called up the bill which came over from the last session to amend the existing Customs and Internal Revenue laws, known as the "Little Tariff Bill," and upon his motion, the new conference asked for by the House was granted.

Morton introduced a bill declaring the effect of permits to purchase products of the insurrectionary States in certain cases, granted by the President during the war of the rebellion.

The balance of the day was devoted to the reading, at length, of a bill to provide a new government for the District of Columbia.

HOUSE—The following were among the bills introduced: Reducing postage to one cent; bill for the relief of the Southern States by compromising their debts; joint resolution investigating the legal and political condition of the Southern States.

Young offered a bill paying for mail service in the South prior to 1861.

The Secretary of War has been called upon for the number of troops in Alabama, where stationed and how the nations given Alabama were distributed.

A resolution was introduced providing for a select committee to investigate the Vicksburg troubles.

Nominations—Michael Shaughnessey, Collector 1st District of Mississippi; A. P. Shattock, 2nd District, Mississippi; Jas. R. Beckwith, District Attorney for Louisiana, with large number appointed during recess, including those for Texas.

Motion Day.

WASHINGTON, Dec. [illegible] shall be [illegible] preme Court has ordered January Its the motion Monday instead [illegible] Affair.

The Public Prosecutor.

BERLIN.—The public prosecutor asking that Von Arnim be sentenced for two and a half years for [illegible] Proctor, to secure the withdrawal of her libel suit, together with his own costs in the case, will scarcely be less than ten thousand dollars. A nice little sum to pay for the gratification of his malice! Besides this, the moral effect will be to discredit his testimony against Mr. Beecher in the suits yet to be tried. As he confessedly lied in one case, the conclusion will be that he is not worthy of belief at all.

A Kentucky crusader confessed the other day that she kissed sixteen men, and thus drew them from the intoxicating bowl. She gave the names of the men, however, and their wives are now inquiring with much anxiety whether whiskey drinking is as bad as it is generally supposed to be.

Congressman Wells, of Missouri, whose name has been mentioned in connection with the Speakership of the House, declares he is no candidate—does not want the office—is not fit for it, would not have it if elected, and, if he were a candidate, would vote against himself.

Santa Anna is still alive, and has been found residing in an old fashioned Spanish house on Vergara street, in the city of Mexico, by an American press interviewer. Santa Anna is now over seventy-eight years old.

On retiring from business a wise old man said to his son and successor, "Now, my boy, remember that common sense is the best thing you can bring to bear on every affair of life except love making."

SCHENCK'S MANDRAKE PILLS will be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver, and give a healthful tone to the entire system. Indeed, it is no ordinary discovery in medical science to have invented a remedy for these stubborn complaints, which develop all the results predicted by heretofore [illegible] use of calomel, a mineral justly dreaded by mankind, and acknowledged to be destructive in the extreme to the human system. That the properties of certain vegetables comprise all the virtues of calomel without its [illegible] ous tendencies is now an admitted fact, rendered indisputable by scientific researches; and those who use the Mandrake Pills will be fully satisfied that the best medicines are those provided by nature in the common herbs and roots of the fields.

These pills open the bowels and correct all bilious derangements without salivation of any of the injurious effects of calomel or other poisons. The secretion of bile is promoted by these pills, as will be seen by the altered color of the stools, and disappearing of the sallow complexion and cleaning of the tongue.

Ample directions for use accompany each box of pills.

Prepared only by J. H. Schenck & Son, at their principal office, corner Sixth and Arch Streets, Philadelphia, and for sale by all druggists and dealers. Price 25 cents per box.

IMPORTANT EYE OPERATION.—Intelligence of the complete restoration to sight of W. W. Corcoran, Esq., the eminent Washington philanthropist, has been received by his numerous friends here, with much gratification. Mr. Corcoran writes to his oculist, Dr. G. New Jersey Enamel Paint Co.,

LIQUID ENAMEL PAINT.

BRADLEY'S PATENT

MADE FROM

Pure White Lead, Linseed Oil and Zinc, and Always Ready for Use.

READ THE FOLLOWING TESTIMONIALS!

From Prof. W. G. Simmons, Wake Forest College, North Carolina.

WAKE FOREST COLLEGE, N. C., October 3, 1873.

Mr. C. P. Knight—Dear Sir: We have for several months been using your Bradley's Patent Enamel Paint on our College Building, and are well pleased with it. Though it was applied by one having no experience in such work, yet we have a good job. We shall continue to use it—believing that in point of economy, durability and facility of application, it is superior to any other pigment offered in the market.

W. G. SIMMONS.

From Messrs. Engelhard & Saunders, Editors and Proprietors Journal.

WILMINGTON, N. C., December, 28, 1873.

We desire to call especial attention to the advertisement of "Bradley's Patent Enamel Paint." We can recommend it from a knowledge of its merits, some of the employees of this office having purchased some of this paint from Mr. C. P. Knight, of Baltimore, have used it and speak in the highest terms of it, after a trial of several months. While it is as durable as ordinary paint, it has a much finer finish, and its cost and convenience will recommend it to all in need of paint.

From S. McGill, M. D.

THE PLAINS, FAQUIER CO., VA., Feb. 6, 1873.

Mr. C. P. Knight—Sir: The paint came safe to hand as ordered, 2 kegs, 5 gallon each, and 3 buckets, 1 gallon each. As practice was slack, I did the job myself. Two weeks (not constant work) completed the house, two coats; the last coat I applied thick, and it is now generally conceded that, for "enamel," like hardness, and body and harmony of colors, there is not a handsomer job in the place. I have saved sixty-five dollars by the operation—which is an item just now with the Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as "testimonials," but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people—in excellency of material, in beauty of color, and in the fact of its being "ready mixed," that I give you permission (if it is desirable to you) to make what use you think proper of this letter.

Very respectfully and truly,
S. McGILL, M. D.

☞ Always ready for use and easily applied. Sold by the gallon. One gallon covers twenty square yards, two coats.

VINEGAR BITTERS

PURELY VEGETABLE FREE FROM ALCOHOL

DR. WALKER'S CALIFORNIA VINEGAR BITTERS

EUREKA

Painful Thousands proclaim VINEGAR BITTERS the most wonderful invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no authelminitics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
